

China Surpasses Germany in Auto Parts Export To The US - SREA Profits!

Score One Inc. (SREA)
\$0.19

Keith Bradsher of the New York Times reported, "China's auto parts exports have increased more than six fold in the last five years" This increase has now enabled China to surpass Germany in auto parts export. Shipping over \$1.9 billion in auto parts in the first quarter of 2007, which was an increase of 27% over last year. An additional \$6.1 Billion was exported to the rest of the world.

Chinas total auto industry grossed \$68 Billion worldwide in 2006 and is currently the fastest growing export.

SREA's new showcase facility, designed to rival Detroit's "Motor City" is certainly timely and represents a shift in power in the global auto market.

Read the news. The market watchers are already picking SREA across the board. Get on SREA first thing Thursday!

You can't buy an iPhone in Canada.

An east facing window will get morning sun, however regional air temperature takes time to warm up.

This has certainly damaged their image in my eyes.

An excellent song to exercise to - it keeps the energy up through the whole song.

Blow air out through an open window - here's something I didn't know.

Sounds boring doesn't it?

Either way - if I'm not paying for Epson ink I'm going to have to choose one generic to try.

Why didn't Apple work with a Canadian carrier to provide the handset in both countries at the same time?

These tiny little guys provide decent processing power, battery life, and a whole host of opportunities for you.

I understand with all the hype and fanboys, it wasn't going to be hard to sell your phone.

pointing a fan to blow hot air out through an open window is more effective than sucking cool air in through the window.

It's very easy drinking - I'm talking a case easy drinking.

Why didn't Apple work with a Canadian carrier to provide the handset in both countries at the same time?

they're all likable and dis-likable!

Sounds boring doesn't it?

If you're already wearing sandals removing them will still give you a benefit.

A fitness point roughly translates into a calorie, while an activity point allows you to compare your exercise to anyone else on the site.

which some absolutely moronic.

Even better there's a nice whistling line you're going to find it hard to forget, and not to imitate!

I guess I'm kind of hoping that people's interest wanes a little so I can get ahead - that's probably wrong of me isn't it?

These tiny little guys provide decent processing power, battery life, and a whole host of opportunities for you.

Btw, I never saw the first Transporter, but I'm told it wasn't very good - I'm not exactly rushing to see it.

Here comes Calvin Harris out of nowhere - well he probably didn't come from nowhere, but he's suddenly appeared with this song, several remixes, and even a mini-mix on Annie Mac's show.

and none of this is rocket science.

An east facing window will get morning sun, however regional air temperature takes time to warm up.

The vocals are heartfelt, really pretty and to a nice musical and rhythmical backdrop.

Take away what makes the Stampede and you've basically got nothing.

It's a very tasty red you'll probably have some trouble stopping drinking, plus it has a nice little frog on the label.

so why can't I get one?

Sit back and enjoy the ride on this one.

Btw, I never saw the first Transporter, but I'm told it wasn't very good - I'm not exactly rushing to see it.

Take away what makes the Stampede and you've basically got nothing.

That being said - it's almost worth the "wine list" price - this spectacular, smooth, red is great for any occasion - I enjoy it with barbecue, steak, stews and in a glass.

If you're already wearing sandals removing them will still give you a benefit.

It's a very tasty red you'll probably have some trouble stopping drinking, plus it has a nice little frog on the label.

Well we tried this one out and found it a delicious light slightly fruity wine. FitOff allows you to track your daily exercise, awarding Fitness and Activity points based on how long and what you did.

It'll also make you feel like you're living in a cave or bunker.

Through the social club at work I'm participating in a fitness scoreboard.

Something to keep in mind when you're using fans next.

I'll let you know how the ink pans out.

People die - which was a bit surprising given we're used to everyone miraculously surviving, but still we have a love interest, some sort fighting, some despair, some history.

It'll also make you feel like you're living in a cave or bunker.

News is finally starting to percolate through the web that Rogers, the only GSM provider in Canada is working on bringing the iPhone to Canada.

perhaps you didn't know there isn't a Canadian edition of every magazine and TV channel you have.

I guess I'm kind of hoping that people's interest wanes a little so I can get ahead - that's probably wrong of me isn't it?

Take away what makes the Stampede and you've basically got nothing.

Through the social club at work I'm participating in a fitness scoreboard.

I'm thinking this would be excellent for robotics, installation art, making artistic computers, and comically misplacing.

On the last page of the review you'll find an original Gameboy handheld modified to contain the computer - think about where you'll be able to hide CPUs!

What's worrying about said news, is there aren't any definite times, there isn't anything certain, and there's no excuse for the delay.

If you're already wearing sandals removing them will still give you a benefit.

I think it might make the "always consider buying" list!

Something to keep in mind when you're using fans next.

If you're really adventurous you can even dip your feet in cool water, but for those with ticklish feet, that might be a bit extreme.

perhaps you didn't know there isn't a Canadian edition of every magazine and TV channel you have.

You heard me uber cool.

Nothing gets people motivated to exercise like seeing their position on the board slip as others get out there and work up a sweat!

I cannot stand the concept of ads on something I paid for - but worse to lock the disc so you can't escape it.

of course this concept looks rather like self-generated eBilling.

I think those wonderful glossy iPhone commercials should have an apology to Canadians, or at least mention that we should put it out of our minds for the time being while things are worked out.

Perhaps you're unaware that we share media with you.
